

Motor Skills

“Move to Improve”

1 Day Training Course for Educational Staff/Other Professionals

Many children display difficulties with poor planning/organisation/co-ordination and attention skills, which hinders academic performance.

Our interactive training day workshop incorporates structured and practical sessions. These will enhance your knowledge of motor development in relation to a child's education and understand the importance of movement for function and attention.

Following training each participant will be able to:

- ❖ Identify children with motor skills difficulties who are at risk of not reaching their academic potential.
- ❖ Use Tree Tops checklist to baseline their programme and target relevant areas.
- ❖ Design and implement a structured motor skills programme.
- ❖ Evaluate/monitor a child's progress.
- ❖ Incorporate fine motor activities into the classroom.

How much for training in school

£1200 for up to 20 staff

(Reduced rates will be offered for partnership schools)

Training dates at Tree Tops

Friday 23 March 2018

9.00am – 3.30pm

£130 per person (includes buffet lunch)

Testimonials

"Some great tips and ideas to use as intervention programme or in class (small groups)."

"It has given me awareness of children's needs and how to practically help them (specific children with possible DCD and whole class)."

"Useful ideas and will work as a team with T.A's to integrate in EYFS as appropriate."

"It has given me practical ideas on how to help children with these difficulties."

"I will be able to run sessions daily with confidence."

CPD

A certificate of attendance is supplied to all participants.

The skills, knowledge and experience will help your continuing professional development (CPD)

We also offer courses on:

Handwriting

Feeding

Think Sensory Not Behaviour

Development & Sensory Integration

Bespoke (designed to your needs)
